# Outside the Box

# Beyond the Box

# Beyond the Bubble

# Bubble Jumping

- 1** **Outside the Box** Thinking outside our comfort zone. In this thinking, when things get uncomfortable, we crawl back into the box.
- 2** **Beyond the Box** It is just as uncomfortable to go back as it is to move forward. We must stay outside the box long enough to get beyond the box.
- 3** **Beyond the Bubble** The Bubble is formed with equal pressure on the outside and the inside. When pressure changes, the bubble bursts, and we have to move to a new bubble.
